"Evolution"

Evolution is the process of human beings evolving to a higher **State of Consciousness**. Every time on earth is a process where a Soul reincarnates to grow to a higher level.

A level of **Love, Compassion, Kindness**, an everlasting **flow of the Divine**.

Divine Energy emerges with the Personal Energy. It lifts you up to an easier way of living your Life with ease and grace.

The Essence of Life is LIVING.

This means that the process of Life is like a flowing river. Natural ! A Natural State of Being is the Universe which works through YOU.

Not your thoughts, beliefs are at stake here...NO...it is The Universe that is being expressed by You. Your Soul is shining like a **Diamond**.

People are all walking their Path of growing into a **Level of Consciousness** that contains a higher frequency of Light. When you grow, your light grows. When you express yourself by communication...your words contain more light.

People who listen to you receive this light. The light is a **"moving energy"** so when the soul is ready and personally you say 'YES' to this light...your Light Frequency will raise too.

You **FEEL** when words resonate with you. You do !

How ?

- you get chills all over your body;
- you are excited;
- you feel happy;
- you want to dance;
- you want to flow this energy to others.

So connecting with people who have grown in their Consciousness affect your Evolution too.

It feels like it is great to be around the, to connect, listen, laugh with them. You forget time and space..and you are fully in your Being.

So The State of Being is The State of Consciousness, the amount of Light expresses this Energy.

You are never alone in this. All our inner sparks, 'Souls', are already Divine. **The Divine is ALL One**. So we are all connected with each other.

What does this mean ?

Well, if we are ALL One, connected we affect each other. So be aware of the people who drag your energy of who lift you up !

Choose wisely and Follow your Heart in Your Evolution.

Expand your awareness and grow step by step in your Level of Consciousness.

Ask yourself:

- What do I need to do to feel better ?
- What is my best next step to be at peace ?
- What is it I need stop 'doing' to allow silence in my life ?
- What can I do to attract people who lift me up ?

Are you aware of Your Own Evolution ?

Embrace yourself and take your responsibility in growing to the next level of Consciousness.

Thank you all.

With love and gratitude,

Viviana
